NO MORE FUNDS FOR EXPERTING

The matter of the H. Gooding Field report on the municipal and county business methods and finances was touched upon briefly at the meeting of the trustees of the chamber of commerce Wednesday afternoon. President Spaulding stated that while it had been deemed desirable that an expert report be prepared by Mr. Field, or some other qualified person, on the Territorial offices, it would be impossible to defray the expense of such an investigation from the ordinary funds of the chamber.

After some discussion, the matter was turned over to the committee on legislation to report at another meeting.

George W. Smith reported that, so far as the Field report criticized the Queen's hospital management, the committee, of which Mr. Lowrey was head, has decided to recommend that the matter be dropped. The committee believed that Mr. Field had been insufficiently informed on the subject when he prepared his report.

HILO PROPOSAL IS POSTPONED

Whether the Chamber of Commerce will favor the proposition for the Hilo Board of Trade that a general conference of the commercial and business bodies of the Territory be held in Hilo some time during the summer, was not made clear at Wednesday's meeting of that organization. President Spaulding brought the matter up by reading a communication from the Hilo board, outlining the proposition, but no discussion followed, no one of the members apparently having any opinion to express. President Spaulding stated that he presumed a formal invitation would likely follow, and that it might be well to await such invitation. The next subject on the calendar was thereupon taken up.

As stated in that day's Star, the Hilo Board of Trade has suggested the getting together of all the business organizations in the Territory, and the possible formation of a Territorial organization. The matter came before the Merchants' Association some time ago, and was favorably passed upon by the directors.

INCORPORATION OF MORGAN'S

Management of the estate and business interests of the late James F. Morgan will be taken over by a new joint-stock company, whose incorporation papers were approved by the attorney general yesterday.

The company which is known as the James F. Morgan Co., Ltd., is incorporated for \$100,000 with an extension limit of \$500,000. One thousand shares, par value \$100, have been issued.

The following are the directors: J. L. Fleming, president; W. D. Baldwin, vice-president; A. H. Rice, secretary and treasurer, and J. Waterhouse, auditor. With J. P. Cooke, they constitute the stockholders.

PRESIDENT SHOWS

Continued from page nine.)

such reciprocity I do not know, but it is greatly to your credit to make the effort. It may damage the Republican party for a while, but it will surely benefit the party in the end, especially if you tackle wool, cotton, etc., as you propose.

Ever yours,
THEODORE ROOSEVELT.

The Hon. Wm. H. Taft,
President of the United States,
White House, Washington, D. C.

After the reciprocity agreement was published Mr. Roosevelt delivered two public addresses in which he expressed his warm commendation of the agreement and a hope that it might be adopted. Now, in the exigency of his contest for the nomination, and with the purpose of accentuating the supposed feeling of the farmers against me, he recants his approval of the agreement on the ground that it would not have been a square deal for the farmers, a circumstance which he intimates escaped him when he, in a desire to support my administration, had approved the agreement. I submit that Mr. Roosevelt's course on reciprocity is not in accord with the square deal.

MUCH WANTED MAN ON PERSIA

Chief McDuffie is in receipt of two cables from San Francisco regarding the proposed arrest of a Japanese who is alleged to be on board the steamship Persia, due here next Saturday morning.

The first cable was to the effect that the Japanese, who is wanted for larceny, was on board the vessel, and that his arrest would please the mainland authorities. Later on a cable was received by McDuffie and it contained the information that a wireless had been sent to the captain of the Persia, asking him to arrest and hold the Japanese until Honolulu was reached, and the man could be taken over by McDuffie.

"I'll be on hand bright and early," said the chief yesterday, "and the Japanese will be returned to the Coast—that is, if he is on board the Persia."

Chief McDuffie is leaving for the mainland in the S. S. China, which sails on May 1. He expects to be away some little time, and to return in good health to the islands. "No, I can't accept congratulations yet," replied the big officer to the Star representative, when asked if it is true that he means to get married when away on the mainland.

MRS. JOHN B. THAYER WAS
SAVED, BUT HER HUSBAND
WENT DOWN WITH TITANIC

PHILADELPHIA, April 18.—John B. Thayer, who lost his life in the wreck of the Titanic, was second vice-president of the Pennsylvania railroad. His wife was among those who were put off the sinking ship in lifeboats and were later picked up by the Carpathia and landed at New York. Mr. Thayer was born in this city on April 21, 1862. He was educated at the University of Pennsylvania. He entered railroad work in 1881 as a clerk and had filled many important positions. He was elected a vice-president of the Pennsylvania railroad in 1909.

WHO KNOWS THIS JAMES W. WHITE?

Somebody is looking for information as to the whereabouts of James W. White. The following "personal" appeared in a recent issue of a San Francisco paper:

"ANY information as to the whereabouts of James W. White, formerly of the Hawaiian Islands, will be appreciated by his uncle. Address box 3923, Call office."

The last local directory gives the residence of a person of this name as the Leahl Home. It is just possible that this is the person advertised for.
